File No. 280/1920

Letter No. H.O. P/08 dated 1st September

from the President M. C.

SUBJECT.

Establishment for Sp. works Dept.

The Commission have passed a resolution sanctioning an establishment for 5 years (in the 1st instance), for preparing Special Schemes. This establishment will cost Rs 17,852 per annum. Contains the President's speech explaining the necessity for the establishment.

Subd. for orders as to whether the proposal may be sanctioned.

K.G. 9.9.20.

Obviously this is the outcome of the orders re surplus revenues. Charges may perhaps be admd.

K.G. 10/9/20

May be approved.

S.D. 11/9/20.

S, 1,—E, P, B.—8-1919.—5,000.

Approved. Draft subd. P.T.O.

Received no. 8158 & 18. 9. 1920

Ltr No. S.S. O. 171/99-1920, dated the 5th June 1923
the President, M.C.

Please see Rs. 1 & 2.

The President, M. C., has submitted a
Prop. statement containing the proposals
sanctioned by the Mund Comm. for the
establishment of the Special Works Dept.
The present scale and the proposed one
have been checked. The revised proposals
are calculated to involve a cost of
Rs. 1749 per month or an increase of
Rs. 640 a month.
The President recommends that M. J. W. Edwin
Supervisor, Works Dept., may be appointed
as Asst. Engineer on Rs 350 per mensem
if approved, this recommendation may be
accepted.
The proposals for the revision of the
establishment may be sanctioned & Mr Edwin's appointment as
Draft submd.

C.R.B. 9/6/23. A.D. 9/6

I think the proposals
seem reasonable & may be
approved.

Master 15/6/23

Notes-continued

(5)

I agree generally with
the suggestions that the superior
staff is very small. The
Govt. will have to consider further
the question of enlarging
the cadre.

We ought to provide for
a periodical inspection of the
accts of the Municipalities by the Govt
Auditor especially as regards the
Salaries accts.

How is this to be arranged.
What steps should we
adopt?

20/6/23

(5)

Please see the foregoing para of the office note.
The accounts of the Municipality are regularly
audited every year by audit officers of
the A.G.'s office, Madras.

The Municipality follow the schedule
of rates adopted by the Military Works
Dept.

The A.E.R.E. is a member of the standing
Committee; he sees all the estimates
before they come before the Committee.
The Resident the Executive Engineer do not
object to important estimates being checked
by the Supdg Engineer of an adjacent district
in the Madras Presidency. Point the Resident
apprehends that this course would involve
considerable delay.

Para 4

It is stated that a reply was sent to S.G.S.T. No 186/1901 with letter No 908, dated the 31st August 1922/4th Sept. 1922.

A copy of the letter from the Engineer, Corporation of Madras, has been received w/o from the Secretary, M.C.

It is said that schemes and projects involving below 2½ lakhs are not checked by any authority.

The Records are unable to trace the letter referred to above from the M.C. in spite of their best efforts.

C.G.S.

Letter No. 220. 117, dated the 19th Sept. from the President, M.C. -

D.O. Letter No. D.P.O. 117, dated the 3rd Oct. -do- .

The Resident sanctioned on the 9th July 1923 the proposals for the establishment of the Special Works Dept. of the Municipality. The proposal to appoint Mr. Edwin as Asst. Engineer on Rs 350 p.m. was also accepted.

The President recommends the following revised proposals:-

(1) Leaving unfilled the post of Supervisor on Rs 120-5-150 plus Rs 30- motor cycle allowance. Mr. J. W. Edwin holds this post now.

(2) The creation of a post of a Sub-Engineer on Rs 200-10-250 plus Rs 30- motor cycle allowance debitable to the special works grant from 1st April 1923.

(3) The appt. of Mr. J. W. Edwin to the post of Sub-Engineer referred to above.

(4) The increase of pay of the Surveyor and Draftsman, special works Dept., from Rs. 70 plus Rs. 5 to Rs. 80 plus Rs. 5.

The President states that if these revised proposals be sanctioned the services of the Asst. Engineer on Rs 350 p.m. will not be entertained now.

There will be a saving of Rs 120 per mensem.

If approved, the proposals may be sanctioned. Draft submitted.

Revised proposals for the working of the Special Works and Ordinary Maintenance Departments.

---:0:---

My dear Cater,

With reference to this office letter No.E.E.O. 117, dated the 19th September 1923, on the above subject, I regret that the fact that the abolition of the permanent post of Supervisor on Rs.120-5-150, plus Rs.30 motor cycle allowan would result in a break in Mr. Edwin's service, was lost - sight of at the time the proposal was put before the Commissi In the circumstances I request that, when according sanction, the proposal in regard to this particular item may not be approved, but that the Hon'ble the Resident may direct that t appointment of Supervisor be retained but be kept unfilled. The result will be the same, financially.

Yours sincerely,

T. Austin

Notes *continued*.

Margin for binding not to be written on.

The President, M.C., says that the gr
a motor car allowance of Rs 50 a m
to Mr. Edwin requires further considera
after finding out what kind of vehicle
is prepared to keep.

vide the last sentence in the 1st Sub-para in Para 5 of P.M.C.

Mr. K. P. Kallappa was appointed Assista
Engineer on the temporary works establishm
of the Municipality with effect from the 16th
August 1922 on a salary of Rs. 300-25-400
plus a motor car allowance of Rs 100 a month

S. 31

The proposal to appoint Mr. Kallappa on purely
engineering work was approved by the Resident

S. 38

As he had given satisfaction in his work
and as his services were still needed,
the Resident stated that he might be

S. 38 G

continued in his employment.

It is stated that the appt. of Assistant
Engineer was created for a period of 5 years
from the 1st October 1920, that the appt. expired
on the 1st October 1925, and that Mr. Kallapp
tenure from the 1st October 1925 will require
the Resident's approval.

paras of P.M.C.

The Mund. Comm. have also proposed that
Mr. Kallappa continue to hold his present
appointment of temporary Asst. Engineer,
Special Works Dept., on Rs. 300-25-400 plus
a motor car allowance of Rs 100 a month
and be in charge of all special works in
the Station.

vide enc. to S. 62 A

The President suggests that if this proposal
is approved, the resoln. of the M.C. may be
referred back to them for further consideration.

C.S. 21/10/25 V.S. 22/10

Resd:-

Resd:- Illudin 26.10.25

The appointment of an Assistant Engineer on 300/- 25/- 400/- plus a motor cycle allowance of 100/- was sanctioned for 5 years from 1/10/20, i.e. till 30/9/25. The attention of the Govt. of the Officer on this appointment after that date is an irregularity, which should not have been committed.

To avoid hardship to the present incumbent I am prepared to extend the term of this appointment for 3 months only, i.e. till 31/12/25, notice of the same being given to the present incumbent.

I am not satisfied with the proposals outlined in the Resident's letter regarding the supervision. The old system of

Notes-*continued*

Margin for binding not to be written on.

Examining Assistant Engineers, Sub-Engrs
Supervisors from one side to the other
e.g. from "Maintenance" to "Special Works"
Examining them from funds regarding the
work on which they were employed,
thoroughly objectionable.

2/ Extract from the President's note
(1) that the Exec. Engr is drawing an
allowance of 25/- for Special Works, for
supervising the same, & that it is
proposed to continue this allowance
(2) that there is a Cadre of Supervisors, Maistries
on 120/-5/-150/- + 30/- h.c. allowance,
abeyance: this is Mr Edwin's scheme
Post.

3/ that it is now proposed to "pay the
Camp on the maintenance work as
a whole Supervisor", whose pay is
not stated definitely but appears to be
200/- 10/- 250/- (that a master-can allowance
of 50/-. This is apparently Mr Edwin
Cane's post of supervisor, it appears

to be called for special work at a rate of
150/- to 200/-. This is an addition to the
post of Supervisor, viz a new "Maintenance
Supervisor", but the Exec. Engr. is said to have
agreed to do without him. There is a vagueness
about all this which requires to be cleared
up. It seems necessary to have on record
some explanation as to why the sanctioned
pay of 120/- 5/- 150/- + 30 inc. allce is not
sufficient for the post of Supervisor (Maintenance
why this post should carry pay of 200/- 10/- 250/-
+ motor car allce of 50/- or more, or why a
"Special work" Supervisor should be required at
150/- to 200/- (increments not stated!). Also,
if the relative importance of the special work
remaining to be done has decreased, why the
special work allowance of 250/- p.m. to the
Exec. Engr. should not be reduced.

The case can be referred back to the P.W.D. on
the above lines.

Major C.T.C. Plowden, I. A.,

First Assistant to the Resident, in Mysore,

Bangalore.

SIR,

I have the honour to forward herewith copy of resolution of the Municipal Commission, No.126 dated the 14th August 1920 sanctioning arrangements for preparing special schemes with estimates of cost of special establishment and to request that, in the circumstances stated therein, the Hon'ble the Resident may be pleased to accord sanction to the proposals.

2. A proposition statement embodying the required establishment for the special works department is enclosed. The Executive Engineer, Mr. W.H. Murphy, will be placed in charge of the department. The cost involved can be met from the half lakh grant at present - adjustment being made later against specific works when funds are sanctioned.

3. Applications will be invited for the post of the assistant engineer referred to to be placed in charge of the current duties of the engineering department - vice Mr. Murphy on deputation.

4. The favour of an early reply is requested.

I have the honor to be,
Sir,
Your most obedient servant,

For President,
Municipal Commission,

31-8-20

DESPATCHED.
-1 SEP 1920

TT 28/8

Abstract of proceedings of ~~an ordinary~~ a special meeting of the Municipal Commission for the Civil and Military Station of Bangalore held at the Mayo Hall at 8-15 a. m. on Saturday, the 14th August 1920.

---

126. Arrangements for preparing special schemes with estima of cost of special establishment.

Recommended that:--

(1) One Assistant Engineer be appointed on Rs. 300-25-400 for a period of 5 years; motor car allowance Rs. 50/- to be in charge of current ordinary engineering work;

(2) The Executive Engineer be placed in charge of a temporary special work department with the following staff:-

Staff.

(i)	1 Draughtsman.	60 plus 5	cycle allowance
	1 Assistant draughtsman	40 " 5	" "
	3 Sub-overseers.	40 " 5	" "
	1 Head clerk & Acctt.	50	
	1 Typist.	30	
	3 Peons.	13	
(ii)	Equipment -		
	Non-recurring	3,500	(Instruments and furniture)
	Recurring contingencies -		
	(1) Office	50	per month.
	(2) Field.	300	"
	Office rent.	40	"
	Watchman.	12	"

Recommended further that under Bangalore Municipal Law section 24 the Commission do appoint a special works committee to consist of 4 members of the Commission to be elected annually in addition to the President, Residency Surgeon, Assistant Commanding Royal Engineer and Deputy Assistant Director of Medical services, 9th Secunderabad Division to advise and report on the special work and all other matters within the scope of the special works department.

The President said that as the Commissioners were aware, certain special grants had been made by the Covernment of India fo the carrying out of the several schemes of public improvements. The Standing Committee had considered the means by which the Commission could avail itself of the generosity of Government and sho

that it could immediatly take up these grants. The Commission had only recently passed resolutions asking for two special grants one for malaria and the other as an enhancement of the sanitary grant of half a lakh. In view of these larger grants he recommended that those smaller applications be not pressed. He would therefore ask the Commission to allow him to keep back those two applications..

The President said it was not yet possible to say what per centage all the cost of the new establishment would bear towards the outturn of work. In all; the cost would be about Rs. 10,000/- a year, but, as they would be able to spend at least two or three lakhs per annum, the percentage would not be high. He proposed that the Commission should ask the Resident to allow them to chage the cost of the extra establishment against the half-lakh sanitary grant at present, adjustment being made later against specific works when funds were received.

The question was whether an engineer of the status of an Assistant Engineer was sufficient?

Mr. Annasawmy Moodaliar suggested the appointment of a retired Engineer who would retain his pension plus the terms offered for an Assistant Engineer. The President replied that they did not mean to exclude retired engineers from applying. In reply to Mr. Suryanarayana Row the President said that the appointment would be temporary and for 5 years, but he hoped that future grants might make it possible to retain the new establishment.

Mr. Skipp thought that an engineer was required and not an assistant engineer. Mr. Johnson said that the object was to have an officer ~~under~~ under the present engineer, to relieve him of routine work and to be under his control for purposes of administration and discipline.

The Standing Committee's recommendation was unanimously carried.

Sd/- T. J. Tasker,

President,
Municipal Commission,
C. & M. Station, Bangalore.

SIR,

Establishment for the Special Works Department.

------000------

S.2

With reference to your endorsement No.8188/280-20, dated the 18th September 1920, I have the honour to forward, herewith, a proposition statement embodying the proposals sanctioned by the Municipal Commission at an ordinary meeting held on the 26th April 1923, (Vide copy of resolution enclosed) for the establishment for the Special Works Department required to cope with the extra work which will devolve on that Department in carrying out the several schemes of reform and improvement in the station, during the next four and a half years, for which the Government of India have sanctioned grants. I request that the Hon'ble the Resident will be pleased to sanction the proposals.

2. For the post of Assistant Engineer, for construction work, on Rs.350/- per mensem, I recommend that Mr. J. W. Edwin, Supervisor, Works Department, who has been employed in the Special Works Department since February last, be appointed, with effect from the 1st April 1923. I enclose copy of a note by the Executive Engineer on Mr. Edwin's qualifications.

3. I enclose for the perusal of the Hon'ble the Resident the following statements submitted by the Executive Engineer:-

(1) Statement showing the [illegible]

probable cost of schemes to be carried out by the Special Works Department.

(2) Statement of probable cost of establishment and tools and plant for the last 4½ years.

(3) Statement of expenditure incurred on works - actually carried out up to 31st March 1923.

(4) Statement of expenditure incurred on establishment, tools and plant etc, from 1st October 1920 to 31st March 1923 i.e. for 2½ years.

(5) Statement showing the schemes sanctioned by the Government of India from the Assigned Tract Revenues.

(6) Statement of mathematical instruments.

(7) Statement of Furniture.

I have the honour to be,

Sir

Your most obedient Servant,

1/6

Abstract of proceedings of an ordinary ~~or special~~ meeting of the Municipal Commission for the Civil and Military Station of Bangalore held at the Mayo Hall at 8-15 a. m. on the 26th April 1923.

14. Executive Engineer's proposals for establishment for special works department.

Recommended.

The President said that the Government of India had sanctioned lar grants for (1)Housing scheme (2) Market (3) Reconstruction of roads (4) Installation of pumping station etc. for the delivery of sewage (5) Construction of new Municipal school buildings, etc. They had to spend Rs.20,00,000 during the next five years. Up to 31st March 1923 the cost of the works carried out by the special works department amounted to Rs.3,01,697/-. The Executive Engineer had submitted propos for extra staff. In August 1920 the Commission had resolved that (i) An Assistant Engineer be appointed on Rs.300-25-400 for a period of 5 years plus motor car allowance of Rs.50/- to be in charge of current ordinary engineering work and (ii) the Executive Engineer be placed in charge of a temporary Special Works Department with the following staff

1 draftsman on Rs.60/- plus Rs.5/- cycle allowance.
1 assistant draftsman on Rs.40/- plus Rs.5/- cycle allowance
3 sub-overseers on Rs.40/- plus Rs.5/- cycle allowance, each
1 head clerk and accountant - Rs.50/-. 1 Typist Rs.30/-
and 3 peons - Rs.13/- each.

The staff now proposed to cope with the extra work was as follows

1 Assistant Engineer on Rs.300-25-400 plus Rs.100 motor car allowa
1 Assistant Engineer for construction work on Rs.350/- including motor cycle allowance.
1 Allowance to Executive Engineer - Rs.250/- per month.

Outdoor staff.

Sub-overseers	2	on Rs.55/-	plus	Rs.5/-
-do-	2	50/-	"	Rs.5/-
-do-	2	45/-	"	Rs.5/-

Indoor staff.

1 head draftsman and surveyor	Rs.70	plus Rs.5/
2 assistants	Rs.45	plus Rs.5/
1 head clerk) & accountant)	50/-	
1 typist	30/-	
1 clerk	30/-	
3 peons each	13/-	
Allowance to) Accountant)	15/-	@

@ (already sanctioned - Appendix D to the Budge for 1923-24).

Equipment.

Non-recurring - Rs.2,000/- (Instruments and Furniture).

Recurring contingencies.

(1) Office contingencies	Rs.50/-	per month.
(2) Field	100/-	-do-
(3) Office rent	50/-	-do-
(4) Watchman	12/-	-do-

The cost of establishment works out at 5% excluding cost of repairing plans for acquisition, and this was reasonable.

Resolved that the proposals be accepted.

Note No.103, dated 29th May 1923, from the Executive Engineer, Station Municipality, Bangalore, to the President, Municipal Commission, Civil and Military Station, Bangalore.

Mr. Edwin is a qualified Upper subordinate of the Madras Engineering college. He obtained his diploma in 1906 after undergoing a 3 years course of Engineering in the college and one year apprenticeship on works. On receiving his diploma he was employed for about 2 years in the Madras Public Works Department as a temporary Upper subordirate. He resigned his post to take up a better one as Supervisor in the Coonoor Municipality where he was in sole charge of the Engineering department from 1908 to 1915. During the period 1915 to 1918 he was employed as Sub-Divisional Officer Amridy sub-division, Forest branch of the Public Works Department, which he resigned in July 1918 to take up the post of Supervisor in the station Municipality. Since July 1918, he has been and is still working under me and I am perfectly certain he is fully qualified for the post of Assistant Engineer in charge of construction work. In Government service, Upper subordirates possessing the same qualifications, as Mr. Edwin's are promoted to the grade of Assistant Engineer and as a matter of fact the following persons who were Mr. Edwin's classmates in the Engineering college are holding posts of Assistant Engineers in the Madras Public Works Department, without having passed any higher examinations:-- Messrs. C. D. Ray, L.S. Sabapathy Iyer, A.F. Baker, V.Sundaram Iyer, T. Grant, A.S.Taylor, R. Panchapakesa Iyer, W.H. Sawyer, K.R.Venkatramana Iyer and Vasudeva Baktha.

4/6/23
Clerk, Chief Office

Statement showing the cost of Establishment and the probable cost of schemes to be carried out by the Special Works Department.

No.	Particulars.	AMOUNT.	Remarks.
1.	Cost of establishment, tools and plant and house rent for first 2½ years.	33,492 10 10	
2.	Probable cost of establishment, tools and plant &c. for next 4½ years.	1,07,894 0 0	
	TOTAL.	1,41,386 10 10	
1.	Total cost of works from the inception of the special Works Department excluding the amount spent on acquisition up to 31st March 1923.	3,01,697 0 0	
2.	Sanitary grant for 4 years at Rs.40,000/- per annum.	1,60,000 0 0	
3.	Probable cost of works for next 4½ years.	20,91,856 0 0	
	TOTAL Rs.	25,53,553 0 0	

N.B.

The cost of Establishment works out to 5.54% excluding cost of preparing plans for acquisition and Schemes for Town improvements. If further grants are received within the next four years, the per centage in the cost of establishment would be further reduced, as the present Establishment will, it is hoped, be found sufficient for carrying out additional works.

Subject Quarterly audit of the accounts of Special works by the A-G's office, Madras

Sir,

VII

The accounts of the Municipality are now audited periodically by an officer deputed by the Accountant General Madras, but the Hon'ble the Resident is of opinion that the accounts of the special works now in course of construction and for which large grants have been sanctioned by the Govt of India, should

be subjected to a quarterly audit. If the Commission sees no objection to this suggestion, it is proposed to ask the Accountant General, Madras whether such an audit could be arranged and what it would cost.

The favour of an early reply is requested.

I have &c

111. Letter No.5308/280/1920, dated the 9th July 1923, from the Secretary to the Resident suggesting that the Accounts of the Special Works Department be subjected to a quarterly audit.

Standing Committee have no objections.

The President said that the Hon'ble the Resident was of opinion that the accounts of the Special Works now in course of construction, and for which large grants had been sanctioned by the Government of India should be subjected to a quarterly audit.

Resolved that the Accounts of the Special Works be subjected to a quarterly audit.

No. 6644 ENCLOS. / Dated Bangalore, 18th May 192

FROM

SECRETARY TO THE RESIDENT IN MYSORE.

To

The Accl General, Madras.

Subject:—

Quarterly audit of the accounts of Special works dept of the Municipal Comm^r, Cont. Stn of Bangalore

SIR,

The accounts of the Municipal Comm^r, Cont Station of Bangalore, are now audited periodically by an officer deputed by you. Recently, however, the G. of I. have sanctioned large schemes of improvement for which special grants have been allotted. These works will be carried out by the Mun^l Comm^r. In endorsing a list of them works so far sanctioned, I am directed to say that the Hon'ble the Resident is of opinion

of opinion that the accounts of these special works should be subjected to a quarterly audit. The Municipal Comm. have approved of the suggestion and I am to enquire whether you could kindly arrange for such an audit and what it would cost.

I am, &c,
D.S./A.P.W. Carter

MADRAS.

To

The Secretary to the Hon'ble the Resident in Mysore,

Bangalore.

ENCLOSURES.

With reference to your letter No. 6644/280-1920 dated the 18th August 23, I have the honour to state that I agree with the Hon'ble the Resident that in view of the large outlay on the special works executed by the Bangalore Municipal commissioner out of the grants placed at its disposal from surplus revenues of the Assigned tracts the works should be subjected to a Special technical audit but it would be inconvenient and uneconomical to depute an accountant or an officer from this office once a quarter to conduct the aud-it for the preceding quarter. I would therefore suggest for the consideration of the Resident the desirability of taking the loan of the services of a P.W. Divisional Accountant under the Foreign service rules, the Bangalore Municipal Commission meeting the pay of the divisional accountant together with the contribution for his pension and leave salary. The pay of a divisional accountant is Rs. 80-10-250-20/5-270 per mensem plus duty allowance of Rs. 20 in the case of men drawing up to Rs. 130/- and Rs. 10/- in the case of those drawing Rs. 140/-- and the actual pay that will have to be met by the commission will be

of the Accountant selected for deputation including
pace if any plus 20% thereof. The Accountant will -
works expenditure and maintain accounts therefor in
with the rules in the P.W.Account Code. The accounts
by him may be test-audited by the officer from this
ally inspecting the treasury or the accounts of the
er. If necessary occasional additional audit inspections also could
d.

If the Hon'ble the Resident agrees, I shall arrange to
rvices of a suitable P.W.Divisional Accountant.

I have thehonour to be,

Sir,

Your most obedient Servant,

Accountant-General,

No. 280/20 To

T. AUSTIN, ESQ., I. C. S.,
President, Municipal Commission,
C. & M. Station, Bangalore.

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

SIR,

S. 38 With reference to your letter No.5671/280-1920, dated the 19th July 1923, I have the honour to state that the Executive Engineer, at my request, has submitted the following revised proposals for the working of the Special Works and Ordinary maintenance departments of the Civil and Military Station Municipality, which would result i greater efficiency and much needed economy:-

1. The abolition of a permanent post of Supervisor o Rs. 120 - 5 - 150 plus Rs. 30/- motor cycle allowar
2. The creation of a post of a Sub-Engineer on Rs. 200 -10- 250 plus Rs. 30/- motor cycle allowanc debitable to the Special Works grants from 1st April 1923.
3. The appointment of Mr. J. W. Edwin to the post of Sub-Engineer referred to above.
4. The increase of pay of the Surveyor and Draftsma Special Works Department from Rs. 70/- plus Rs. 5 to Rs. 80/- plus Rs. 5/-.

2. These proposals were placed before the Munic Commission at an Ordinary meeting held on the 30th Augu and were approved by them, (Vide copy of resolution enc If the Hon'ble the Resident accords sanction to these p posals, the services of the other Assistant Engineer on consolidated pay of Rs. 350/- per mensem sanctioned in yo No.5307/280-1920, dated 9th July 1923 will not be enter

8-(35

P. T.

until the Blackpally drainage scheme is sanctioned, so that until then there will be a saving of R$ 120/- per mensem. In any case the services of an Assistant Engineer will be necessary to supervise the work of laying underground sewers as the nature of the work will be such as to require the services of a full time responsible person who can always be on the spot.

3. The station will be divided into two sub-divisions, Viz. North and South, and Mr. Kalappa will be placed in charge of one division and Mr. Edwin in charge of the other. Their duties will be the same as those carried out by Mr. Kalappa at present, except that they will also be required to supervise the Special Works under construction in their respective sub-divisions.

4. The other proposals sanctioned in your No.5307/280-1920, dated 9th July 1923, will not be affected except that it is now proposed to increase the pay of the Surveyor and Draftsman of the Special Works Department from R$ 70/- plus R$ 5/- to R$ 80/- plus R$ 5/- as he will be in charge of the whole of the drawing branch of the department.

5. One of the chief reasons for these revised proposals is that it was thought that, while Mr. Edwin deserved promotion, a rise from a Supervisor's post on R$ 120-5-150 to that of Assistant Engineer on R$ 350/- would be too rapid. I request that the Hon'ble the Resident will be pleased to sanction the proposals.

I have the honour to be,

Sir,

Your most obedient servant,

President, M.C.

S.B.
18/9/23.

19/9.

22.9.
19/9.

Proceedings of the Municipal Commission dated 30th August 1923.

123. Executive Engineers proposals for the working of the Special Works and the ordinary maintenance departments.

Recommended that:-

1. The permanent post of Supervisor on Rs. 120-5-150 be abolished.

2. A post of Sub-Engineer on Rs. 200-10-250 plus Rs. 30/- motor cycle allowance, be created, debitable to Special Works from 1st April 1923.

3. Mr. J. W. Edwin be appointed Sub-Engineer.

4. The pay of the Surveyor and Draftsman, Special Works department be increased from Rs. 70/- plus Rs. 5/- to Rs. 80/- plus Rs. 5/-.

The President referred to Municipal Commission's Resolution dated 26th April 1923, in which the Commission had sanctioned the Executive Engineer's proposals for the establishment of Special Works department; and said that this matter had now been reconsidered and the Executive Engineer had now put up modified proposals. The amalgamation of the Special Works Department with that of the ordinary maintenance department would result in greater efficiency and much needed economy. For this the permanent post of Supervisor on Rs. 120-5-150 plus Rs. 30 motor cycle allowance, debitable to Municipal funds, would be abolished and that of Sub-Engineer created on Rs. 200-10-250 plus Rs. 30/- motor cycle allowance debitable to Special Works grants. The services of the other Assistant Engineer on Rs. 350 (consolidated pay) already sanctioned by the Commission will not be entertained until the Drainage Scheme was sanctioned so that until then, there would be a saving of Rs. 120 per mensem. But the entertainment of an Assistant Engineer or Sub Engineer would be necessary to supervise the work of laying underground sewers as the nature of the work was such as to require the services

P. T. O.

of a full time responsible person who could always be on the spot. The Station is to be divided into two sub-divisions, north and south: Mr. Kalappa would be in charge of one, and Mr. Edwin of the other.

Mr. Jeremiah proposed the following amendment to the proposals:-

"That Mr. Edwin be appointed Second Assistant Engineer on a salary of R$ 250-10-300 plus a conveyance allowance of R$ 50/- to take effect from the 1st April 1923, the date of the Resident's sanction to a second Assistant Engineer."

Mr. Jeremiah said that he could not understand how the designation "Sub-Engineer" had crept in when the Resident had sanctioned an additional Assistant Engineer. Mr. Murphy had written in his note as follows:- "It is proposed to give Mr. Edwin the proposed post of Sub-Engineer as he is considered fit for it, and is already drawing R$ 150/- plus R$ 10/- personal allowance as Supervisor on the permanent establishment. I then propose to divide the station into two sub-divisions, north and south, and to place Mr. Kalappa in charge of one, and Mr. Edwin in charge of the other. Their duties will be exactly the same as those carried out by Mr. Kalappa at present except that they will also be required to supervise the special works under construction in their respective sub-divisions." That being so, was it fair that Mr. Kalappa, merely because of his English qualifications, should be given a higher designation and more pay than Mr. Edwin? Continuing Mr. Jeremiah said that Mr. Edwin was an old servant of the Commission; he had been tried on all kinds of work and had, in emergency, been placed in charge of responsible appointments which he had fulfilled with credit. On two occasions when Mr. Murphy went on leave Mr. Edwin had acted for him and had been in charge of the whole station. On two other occasions he had acted as Assistant Engineer for six months each time, and his work had been satisfactory. Mr. Edwin had been recommended by Messrs. Tasker and Austin for the post of Assistant Engineer, and the Hon'ble the

Resident had approved of the recommendation when some adverse currents began to work against him and his prospects of advancement were barred. From the Executive Engineer's note it would be seen that six men who passed out with Mr. Edwin were now Assistant Engineers; it was nothing but right that Mr. Edwin should be designated Assistant Engineer and be given a salary of Rs. 250-10-300 with a conveyance allowance of Rs. 30/- which the speaker believed was the salary given to the lowest grade of Sub-Engineers in the Madras P.W.D.

Mr. Johnson seconded the amendment on the grounds that both Assistant Engineers should be responsible to the Executive Engineer and that experience should be practical as well as theoretical.

Mr. Hall in supporting the amendment said that he could see no reason why they should the lower the pay of this man who had proved himself to be quite capable. By doing so they were really degrading him.

Mr. Rajagopal Moodr. in opposing the amendment said that they should always be guided by the opinion of the Executive heads. In this particular instance, the Executive Engineer had recommended Mr. Edwin to be appointed only as a Sub-Engineer. Because he acted for the Executive Engineer in times of emergency it could not be said that he was capable of being the Executive Engineer. Mr. Edwin should be quite satisfied with the generous recommendation made by the Executive Engineer.

Mr. Abdul Latheef also opposed the amendment.

The amendment was put to the vote and lost. The recommendation of the Standing Committee was then put to the vote and carried.

Resolved that the recommendation of the Standing Committee be accepted.

173. Memorandum No.7437/280-1920, dated 18th September 1923, from the Secretary to the Resident forwarding a copy of letter No. T.M.23-6093 dated 8th September 1923, from the Accountant General, Madras, in regard to the audit of the Special Works Accounts, and requesting to be favoured with the views of the Commission on the suggestions made by the Accountant-General.

The Vice President said that about three months ago, it was suggested by the Hon'ble the Resident that the large grants which had been sanctioned by the Government of India for the Special Works now in the course of construction should be subjected to a quarterly audit. This matter was placed before the Municipal Commission at their meeting held on the 26th July 1923 and it was resolved to accept the Resident's suggestion. A memo had now been received from the Secretary to the Resident forwarding a letter from the Accountant General, Madras, in which he stated that it would be inconvenient and uneconomical to depute an Accountant or an officer once a quarter to conduct the audit for the preceding quarter and he had asked whether the Municipal Commission would take the loan of the services of a P. W. Divisional Accountant under the Foreign Service Rules, to audit the Works Expenditure and maintain accounts therefor in accordance with the rules in the P. W. Accounts Code. The Accounts maintained by him might be test-audited by the Officer from the A.G.'s Office who annually inspected the Treasury or the accounts of the Municipal Commission, and if necessary occasional additional inspections could also be arranged. If the Municipal Commission was prepared to pay for this accountant, it was left to them to appoint him.

Mr. Johnson remarked that considering the large grants that they received from the Government, they had no other alternative but to accept the Resident's suggestion.

Mr. Rajagopal Mudaliar said that it was not necessary to get the services of a separate man as there would probably not be sufficient work for him. The present Head Accountant in his evidence before the Retrenchment Committee had stated that for more than half the day, he was engaged in work which was not account's work.

Mr. Murphy said that in his office the accounts were not kept as they ought to be.

Mr. Latheef said that it was time to appoint a competent man to be in charge of the accounts; but the question was whether he would have enough work.

Mr. Jeremiah asked whether the matter could not be deferr till the President's return.

The Vice President in reply read the covering letter of the S.R. in which it was requested that the Resident may be favoured with the views of the Municipal Commission at an early date.

Mr. Murphy said that the accounts of his office were nc kept as they ought to be and were not properly checked by Head Accountant of the Head Office. The Accountant in h: office would look after the accounts of all the departmen other than Special Works. The new-comer would be entire in charge of Special Works.

Mr. Latheef said that if a new accountant was to be appointed only for checking accounts, the appointment was quite superfluous.

Mr. Jeremiah suggested that the proposal might be ac ted as a temporary measure.

The Vice President said that it was not desirable to refuse this proposal. He certainly thought the appointm to be necessary.

The proposal was then put to the vote and carried.

Resolved that the proposal made by the Accountant General, Madras, in regard to the audit of the Special Works Accounts be accepted.

Bangalore.

SIR,

With reference to your letter No. 8342/280-1920 dated 19-10-1923, requesting me to arrange for the loan for the services of a Public Works Divisional Accountant for the Civil and Military Station, Bangalore, I have the honour to state that Mr. K.Rangaswamy Ayyangar B.A., a Public Works Divisional Accountant of the Madras establishment who has about 9 years experience as such will be sent. His present pay is Rs.170/- per mensem in the time scale of 80-10-150-20/5-270 and the date of his next increment is 1-7-1924.

His pay while in the service of the Municipal Commission, Civil and Military station, Bangalore will be his grade pay with the increments as they fall due, with an addition of 20% thereon. Contribution on account of leave salary and pension calculated at 25% of his pay in Foreign service is payable by the Municipal Commission to the credit of Madras Revenues.

The Accountant will be relieved on or after the 21st and will join Bangalore after awailing himself of joining time. The period of his deputation will be for one year

To

The Secretary to the Hon'ble the Resident in Mysor
Bangalore.

SIR,

In your letter No.5308/280-1920, dated 9th July 1923, it was suggested that the accounts of the Special Works now in course of construction and for which large grants have been sanctioned by the Government of India, should be subjected to a quarterly audit. The Municipal Commission approved of this suggestion at their meeting held on 26th July 1923. On the Accountant General being addressed by the Hon'ble the Resident in the matter, he suggested that the services of a P.W.D. Divisional Accountant should be entertained to audit the works expenditure on these Special Works and to maintain accounts therefor in accordance with the rules in the P. W. Account Code. This was approved by the Municipal Commission at their meeting held on 27th September 1923. The Accountant deputed for this purpose has reported himself for duty.

2. The Commission at their meeting held on 30th August 1923 approved of the amalgamation of the Special Works Department and Maintenance Department, and this was sanctioned by the Hon'ble the Resident in your letter No.8162/280-192, dated 13th October 1923. Owing to the amalgamation of these two departments it is not possible to adopt the Municipal or Local Funds forms for Maintenance Works, and P.W.D. forms for special grants. If the services of the P.W. Divisional Accountant are to be

retained, I would suggest that the accounts relating to all works both maintenance and special be maintained in the P.W.D. system, and be audited by the Accountant General, Madras, the rest of the accounts appertaining to the Municipality being maintained in the system now in force. I consider it would be preferable to adopt the P.W. system for all works whether special or maintenance, and request the sanction of the Hon'ble the Resident to this proposal.

3. In the meanwhile, the new accountant is going through the accounts of the special grants received since 1913, and bringing them up to date.

I have the honour to be,

Sir,

Your most obedient servant,

T. Rustin

President, Municipal Commission,
C. & M. Station, Bangalore.

To
The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

SIR,

With reference to the Proceedings of the Hon'ble the Resident in Mysore, No.770, dated 24th January 1924, I have the honour to state that the officer from the Accountant-General's Office who inspects the Treasury annually may test audit the accounts maintained by the Divisional Accountant for all works, both maintenance and special, of the Municipal Commission, and that an annual inspection will suffice.

I have the honour to be,
Sir
Your most obedient servant,

President, M.C.

B.P.
26/1/24.

R. O. 2—R. P. B.—8-1926.—5,000.

No. 1062 ENCLOS. *Dated Bangalore,* 1st Feb 1924

FROM

SECRETARY TO THE RESIDENT IN MYSORE.

To

The A.G., Madras.

Subject:—

Audit of the accounts of the ~~Special~~ Works Dept. of the M. C., C.M. St. Bangalore

SIR,

S. 51

With reference to your letter No. Rec. 13-P. W. Spl. 218, dated the 17th January 1924, I am directed to state that an annual inspection of the accounts ~~will suffice~~ is considered sufficient by the Chief Commissioner,

for A. J. Dorey
for Secy. to the Resident

Cash. 29/1/24 AG 30/1

It is requested that in future communications on the subject, the No. and date of this letter, and the distinguishing letters above the number as given opposite, may be quoted. The communications should be addressed to—

ENCLOSURES.

The Secretary to the Hon'ble the Resident
in Mysore, Bangalore.

Sir,

In this office letter No.Rec.13-P.W.181, dated the 15th November 1923 the loan of the services of Mr.K. Rangaswami Ayyangar , P.W.Divisional Accountant (whose pay in British Service is shown in the margin) for employment under the Municipal Commission Civil and Military Station, Bangalore, was sanctioned on condition that his pay during the period of the loan should be his grade pay in British Service with increments as they fall due, plus an addition of 20 per cent. I have the honour therefore to request that you will be so good as to arrange for the payment into the British Treasury of contribution for leave salary and pension due on his behalf at ¼th of his transit pay at Rs.170/- per mensem from 28.11.1923 and at ¼th of his actual pay in Foreign Service after the period of transit. From date of his joining service under the Municipal Commission until he earns the next increment, the amount payable is Rs.51/- per mensem.

Pay in British Service, Rs.170/- per mensem from 28th November 1923. (Date of relief from British Service).
Rs.180/- per mensem from 1st July 1924. (Date of next increment)
In the time scale of pay of Rs.80-10-250/-20/5-270 per mensem.

2. The rate of contribution viz., one fourth of

Foreign Service is only provisional and if Government of ... should under Rule 117 of the Fundamental Rules ultimately ... higher rate than one fourth the Municipal Commission will ...ble to make good the difference with retrospective effect ... the 28th November 1923.

3. Information as to the date on and the hour (forenoon ...ternoon) at which he joined the Municipal Service may kindly ...rnished to this office.

I have the honour to be,
Sir,
Your most obedient servant,

Assistant Accounts Officer.

It is requested that in future communications on the subject, the No. and date of this letter, and the distinguishing letters above the number as given opposite, may be quoted. The communications should be addressed to—

THE ACCOUNTANT-GENERAL,

ENCLOSURES.

25/3/25 24 96
Date of Receipt 26-3-25
25/3/25

SIR,

I have the honour to enquire the date on which Mr. R.V.Visvanatha Aiyar, officiating Divisional accountant ~~Clerk~~, whose services have been lent to the Municipal Commission, Bangalore joined duty in that office. His present pay is Rs.130/- per mensem plus a special pay of Rs.20/- in the time scale of Rs.80-10-250-20/5-270. His pay while in the service of the Municipal Commission, Civil and Military Station, Bangalore, will be his grade pay plus a special pay of Rs.20/- as long as he draws Rs.150/- and Rs.10/- as long as he draws Rs.140/- with the increments as they fall due, with an addition of 20% thereon.

2. Contribution on account of leave salary and pension calculated at 25% of his pay in foreign service is payable by the Municipal Commission to the credit of Madras provincial revenues. The period of his deputation will be till the end of March 1926 as stated in letter No. R.1847/2 dated 1-1-1925 of the President, Municipal Commission, Bangalore.

3. A copy of the last pay certificate received from the Executive Engineer, Tuticorin Harbour Works is also here-with enclosed for necessary action.

4. Information as to the date of his next increment will be intimated later on receipt of the service book which has been returned for supplying certain omissions.

I have the honour to be,

Sir,

Your obedient servant,

Accountant General.

All communications should be addressed to the Secretary to the Resident in Mysore, Bangalore, by designation and not by name.

CIVIL AND MILITARY STATION, BANGALORE,
MUNICIPAL OFFICE.

DATED 3 25 OCTOBER 1925.

FROM

T. B. RUSSELL ESQ., I. C. S.,
President, Municipal Commission,
C. & M. Station, Bangalore.

THE SECRETARY TO THE RESIDENT IN MYSORE,
BANGALORE.

SIR,

I have the honour to submit for the orders of the Hon'ble the Resident Resolution No.4 of the Municipal Commission, dated the 27th August 1925 - copy enclosed.

2. This matter arose out of Mr. Boag's recommendation in paragraph 18 of Appendix IX of his Report, that the Special Works at present carried on by the Assistant Engineer and the Sub Engineer might be done by one Assistant or Sub Engineer. This suggestion was referred to the Executive Engineer for remarks, and he suggested that the existing posts of Assistant Engineer and Sub Engineer be abolished; that ordinary Maintenance Work should be carried on by two Supervisors, and that special Supervisors should be entertained for Special Works according as necessity arose, on salaries from Rs.150-200/-. The Standing Committee were in favour of the proposed separation of Maintenance from Special Works, but proposed that a single Supervisor should do ordinary Maintenance Work on a pay of Rs.200-10-250, and that Mr. Edwin be appointed to this post. They further recommended that Mr. Kallappa's appointment as Assistant Engineer should be terminated from the 1st December 1925, and that he be offered a post of temporary Engineer for Special Works on a consolidated pay of Rs.350, without motor allowance. The gist of this proposal was that Mr. Edwin should be kept on purely for Maintenance Work on his present salary, and that Mr. Kallappa should be kept on his present pay, but without the motor allowance of Rs.100 which he is at present drawing, to

look after the Special Works. I was not in favour of continuing Mr. Kallappa's employment for reasons which will be explained later, but as the bulk of the Standing Committee were in favour of these proposals, I asked Mr. Kallappa, in accordance with the wishes of the Committee, whether he would accept the new post. He did so under a protest, and I therefore laid the proposals of the Standing Committee before the Commission. After a longthy discussion, and several amendments, the resolution in its present form was passed.

3. To understand the effect of the Commission's proposal and the points now at issue, it is necessary to trace the history of the Staff for Special Works from its inception. In your letter No.8188/280-20, dated the 18th September 1920, the proposals for the creation of a Special Works Department were sanctioned, and a post of Assistant Engineer created for a period of five years on a salary of Rs.300-25-400, with a motor car allowance of Rs.50, subsequently increased to Rs.100. The Assistant Engineer was to be in charge of the current ordinary engineering work, while the Executive Engineer was to be in charge of the Special Works with the newly created establishment under him. The Assistant Engineer's salary, however, was to be met from the Special Works, and that of the Executive Engineer from ordinary Municipal funds. This arrangement was subsequently questioned by certain members of the Commission, but was allowed to continue on it being explained that the Executive Engineer also supervised the ordinary work, the details of which were carried out by the Assistant Engineer. Mr. Parkinson was ~~first~~ appointed to the post of Assistant Engineer with effect from 14th March 1921 and was succeeded by Mr. Kallappa on 16th August 1922. The post of Supervisor on Rs.120-5-150 was held by Mr. Edwin who acted as Assistant Engineer both when the appointment was first created and again after Mr. Parkinson left and before Mr. Kallappa was appointed. On 9th July 1923, in your No.5307/280-20, certain revised proposals were sanctioned involving an increase of the subordinate staff; an allowance of Rs.250 from Special Works to the Executive Engineer, and creating a second

post of Assistant Engineer.

On 3rd July 1923, however, in your No.5131, you conveyed the approval of the Hon'ble the Resident to Mr. Austin's suggestion that Mr. Kallappa should be informed that his services would not be required after the 1st September 1923. On further consideration, however, Mr. Austin in his letter No.E.E.O.117/231-1920, dated the 11th July 1923, made certain revised proposals by which Mr. Kallappa was to be appointed as an Assistant Engineer on Special Works, and Mr. Edwin as an Assistant Engineer on Maintenance. In your No.5671/280-20, dated the 19th July 1923, you conveyed the approval of the Resident to these proposals, adding that it was presumed that Mr. Kallappa's engagement was to be limited to 18 months in all, i.e. till February 1924.

Mr. Austin, however, submitted proposals for a further modification of these arrangements in his letter No.E.E.O.117, dated 19th September 1923, in which he proposed that Maintenance and Special Works should both be looked after both by Mr. Kallappa and Mr. Edwin, the Station being divided into two sub divisions, with Mr. Kallappa in charge of one and Mr. Edwin in charge of the other. These proposals were sanctioned in your letter No.8162/280-20, dated the 13th October 1923, with the slight modification that Mr. Edwin was to be designated as Sub Engineer instead of Assistant Engineer.

4. I enclose a statement showing the amount to be spent on Special Works as contemplated when these arrangements were evolved in 1923, the actual expenditure incurred in 1923-24 and 1924-25 and the amount still to be spent. It will be seen therefrom that the main item which is still to be completed is that of the model houses at Ookadpaliyam, involving an expenditure of Rs.1,70,000. This is, however, only a small part of the total expenditure on a scheme of over 7 lakhs; the work involved is merely that of completing a scheme which has already been fully worked out, and the greater part of which has actually been executed. No fresh original work will be required. The same

applies with even greater force in respect of the Knoxpet scheme where only Rs.40,000 will be spent. There remains the new Market, a reduced scheme for which has been recently sanctioned. Plans and estimates have been fully worked out. Tenders have just been received and the work will probably be started about December or January next. It is anticipated that all these schemes will be completed by about October 1926.

It will be seen therefore that the amount of Special Works to be done in future is on an altogether smaller scale from those of the years 1923 to March 1925. Though expenditure in 1923-24 was not much greater than that still to be incurred, the actual work for the superior staff in that year was very much greater as it included the original planning and designing of the schemes. In my opinion it is not possible to justify the entertainment of an Assistant Engineer on Rs.375 the salary which Mr. Kallappa is now drawing to attend to these Special Works. The Executive Engineer is, quite rightly, a highly paid official and he is at present drawing an allowance of Rs.250 for his supervision of the Special Works. He considers that he can carry on the work of the Station without any more skilled assistance than that of a Supervisor on Rs.200-10-250 for maintenance and a Supervisor on Rs.150-200 to look after the Special Works at present in hand or under contemplation, under his personal supervision. In modification of his original proposal to employ two Supervisors for Maintenance, he agreed to try to carry on the maintenance work with a single Supervisor, though he considers it possible that it may be necessary to entertain a second man on a lower salary as well. I consider that these proposals are the best that can be made in the interests of the Municipality and I think it will be evident from the complicated, not to say tortuous history of these appointments, that it is eminently desirable that the arrangements for ordinary Maintenance and Special Works should be kept separate so far as possible. It might be contended that the present annual cost of the Special Works Establishment Rs.21,358 is not excessive when, so far as can be anticipated, works of about 3½ lakhs will be completed in the next year, I would point out, however, that such items as roads and schools would ordinarily be attended to as part of the ordinary duties of the Municipal staff. It is due to the exceptional

position of Bangalore that

they are paid for from special grants. The extent of the special staff which is required for works such as the Market and Housing schemes should I submit, be decided by practical experience rather than by statistics. As I have shown above it has not been found possible to effect any real separation between the establishment for ordinary and special works in the past and percentages based on the assumption that they are entirely separate are liable to be misleading.

5. I have traced above the earlier history of Mr. Kallappa's appointment. In his letter No.E.E.O.117/231-20, dated the 22nd February 1924, Mr. Austin recommended that he should be confirmed as Assistant Engineer on the temporary works establishment. In your No.2029/280-20, dated the 6th March 1924 you intimated that he might be continued in his employment. He has held office since then under the authority conveyed in that letter. As the appointment was created for a period of five years with effect from the 1st October 1920 (it was held by Mr. Edwin in an officiating arrangement from that date till 13th March 1921, when Mr. Parkinson joined) it has now expired, and Mr. Kallappa's tenure from the 1st October 1925 will require the Resident's approval. I recommend, so far as this appointment is concerned, that it be extended for such period as the Resident considers to be reasonable notice in all the circumstances of the case, say till December 31st 1925 and that Mr. Kallappa be informed that his services will not be required after that date. Existing distribution of work might continue till then. The Commission's resolution regarding him is ultra vires as his appointment has already expired and the creation of such appointments rests with the Resident under Sections 19 and 20, Bangalore Municipal Law. No fresh resolution of the Municipality will therefore be necessary to give effect to this arrangement. If my proposal is approved, I would recommend that the resolution now under reference be referred back to the Commission for further consideration in the light of the Resident's orders on the appointment of Assistant Engineer.

The grant of a motor allowance of Rs.50 to Mr. Edwin was passed by amendment at the meeting of the Commission and had not been considered by the Standing Committee. Other officials of the Municipality who are given motor car allowances draw Rs.100 and it is doubtful if a car can be kept on Rs.50. The matter - requires further consideration after finding out what kind of vehicle Mr. Edwin is prepared to keep.

I regret the delay in submitting this case. I had to go through a long correspondence in person and prepare the draft myself; this was delayed by extra work in connection with the water shortage and by my absence on leave.

I have the honour to be,

Sir,

Your most obedient servant,

PRESIDENT, M.C.

5/+/25

Municipal Commission's resolution No.4, dated the 27th August 1925.

---

4. Mr. Boag's recommendation regarding the staff required for carrying out Special Works.

Recommended that the establishment for maintenance and special works be separated and that a temporary post of Supervisor on Rs.200-10-250 be created for maintenance and Mr. Edwin appointed thereto on his present pay; that Mr. Kallappa's appointment as Assistant Engineer be terminated with effect from 1st December 1925 and that he be offered the post of temporary Assistant Engineer for special works on a consolidated pay of Rs.350/- without motor allowance. President to ask Mr. Kallappa if he wishes to accept the post.

Resolved:-

(a) that the establishments for Maintenance and Special Works be separated.

(b) that a post of Sub-Engineer on Rs.200-10-250, plus Rs.50/- Motor Car allowance, be created temporarily for Maintenance Work, and that Mr. J. W. Edwin be appointed to it and be allowed to draw Rs.220/- which is the pay he now draws in his present temporary post of Sub-Engineer, Special Works Department.

(c) that Mr. K. P. Kallappa continue to hold his present appointment of temporary Assistant Engineer, Special Works Department, on Rs.300-25-400 plus a Motor Car allowance of Rs.100/-, and be in charge of all Special Works in the Station.

The President to examine the arrangements necessary to give effect to these proposals.

Sd. T. B. Russell,
President, M. C.

∅ Work done under Executive Engineer's personal supervision. He was given a special honorarium from the funds provided by the donor Hajee Sir Ismail Sait for the work. Neither Assistant Engineer nor Sub Engineer had anything to do with it.

President. 30/12.

All communications should be addressed to the Secretary to the Resident in Mysore, Bangalore, by designation and not by name.

No. 9115 280-1920. ENC.

FROM Major K. A. G. Evans Gordon,

SECRETARY TO THE RESIDENT IN MYSORE.

To

The President,
Municipal Commission,
Civil & Military Station, Bangalore.

Dated Bangalore, 7th November *1925*.

Subject.

Proposals for the revision of the Special Works Department of the Municipality of the Civil & Military Station of Bangalore.

SIR,

S.62 and With reference to your letter No.Gt.68/150-25, dated the 3rd October 1925, I am directed to state that the appointment of an Assistant Engineer on a salary of Rs.300-25-400 plus a motor car allowance of Rs.100/- per month was sanctioned for a period of 5 years from the 1st October 1920, i.e. till the 30th September 1925. The retention by the Municipal Commission of the officer on this appointment after that date is an irregularity which should not have been committed. But to avoid hardship to the present incumbent, the Resident is prepared to extend the term of this appointment for three months only, i.e., till the 31st December 1925, notice of the same being given to the present incumbent.

2. The Resident is not satisfied with the proposals outlined in your letter regarding the supervisors. The old system of transferring Assistant Engineers, Sub-Engineers and Supervisors from one side to the other, e.g. from 'Maintenance' to 'Special works' and paying them from funds regardless of the work on which they were employed is thoroughly objectionable.

3. The Resident gathers from your letter

(1) that the Executive Engineer is drawing an allowance of Rs.250/- a month from special works for supervising the same, and that it is proposed to continue this allowance .

(2) that there is a post of Supervisor (Maintenance) on a pay of Rs.120-5-150 plus Rs.30/- motor cycle allowance per month left unfilled.

(This is Mr. Edwin's substantive post).

(3) that it is now proposed to "try to carry on the maintenance work with a single Supervisor" whose pay is not definitely stated, but appears to be Rs.200-10-250 a month with a motor car allowance of Rs.50/- a month. This is apparently to be Mr. Edwin.

It appears that another post of Supervisor is to be created for special works on a pay of Rs.150/- to Rs.200/- per month. There is an allusion to a third post of Supervisor, i.e., a second "Maintenance Supervisor", but the Executive Engineer is said to have agreed to do without him. There is a vagueness about all this which may kindly be cleared up. It is necessary to have on record some explanation as to why the sanctioned pay of Rs.120-5-150 per month plus Rs.30/- a month as motor cycle allowance is not sufficient for the post of Maintenance Supervisor, why this post should carry a pay of Rs.200-10-250 a month plus motor car allowance of Rs.50/- a month or more, and why a "Special works" Supervisor should be required on a pay of Rs.150-200 a month (increments not stated). It may also be kindly explained if the relative importance of the special works remaining to be done has decreased, why the special works allowance of Rs.250/- per mensem to the Executive Engineer should not be reduced.

I have the honour to be,
Sir,
Your most obedient servant,

F. J. K Evans Gordon

Major.
SECRETARY TO THE RESIDENT.

My dear Evans Gordon,

S.23 Reference para 2 of your letter No.9115/280-1920 dated the 7th November 1925, regarding proposals for the revision of the Special Works Department of the Civil and Military Station of Bangalore.

2. I presume it is intended that item (b) of the Commission's resolution No.4 of 27th August 1925, should be referred back to the Commission for further consideration and that the whole question of the Engineering establishment be reconsidered in the light of the remarks in para 3 of your letter.

S 62 My letter No.Gt.68/150-25 dated the 3rd October 1925, was purely explanatory of the facts relating to the Commission's resolution and I did not make any definite recommendations as to the staff to be employed (except as regards Kallappa) as under Section 20 Bangalore Municipal Law this is for the Commission and not for me to decide. Please see the latter portion of para 5 of my letter. I think it would clear matters up if you could send an official letter on the lines of para 2 above.

Yours sincerely,

To

Major K.A.G. Evans Gordon,
Secretary to the Resident
in Mysore,
Bangalore.

4th Dec. 1925

To

The Hon'ble S. E. Pears Esqr., C.S.I., C.I.E., etc.
The British Resident in Mysore,
Bangalore.

Respected Sir,

I beg that I may Kindly be excused for venturing to place before you these few lines with regard to my son Mr. K. P. Kallappa B.Sc., M.R.S.I., the Asst. Engineer in C. & M. station Municipality Bangalore.

It was the kind offer, on my request of the then Resident the Hon'ble Mr. W. P. Barton C.S.I., C.I.E., etc, to appoint my son who had then taken the degree of B.Sc., and M.R.S.I., and was continuing his studies for A.M.I.C.E. as Asst. Engineer of the Bangalore Cantonment Municipality on a salary of Rs 300-25-400 with a motor allowance of Rs 100/- p.m, as there was no vacancy in P.W. Dept. then, that induced me to recall my son from his studies, meeting from my pocket his return passage expenses as per telegraph order dated 22-6-22 from the President of the Municipality.

The telegram sent to me offering Asst. Engineer's post to my son clearly showed

7.12.25

that the appointment would continue for four years. It was in the belief that he would continue for four years and eventua be confirmed with prospects of being made an Executive Engineer that I permit him to accept the post.

From the beginning of his appointm as far as I am aware and as per the reports of his superiors all the works entrust to him have been carefully and properly carri out.

With the belief that he would continue atleast for four years he took an advance from the Municipality for purchasing a moto car, and this advance was being recovered at Rs 65/- p.m. from his pay.

In the council meeting held on the 28th Aug. '25, it seems to have been resolved that he should continue in his present appointment with the usual pay & motor allowance of Rs 100/- p.m. With all these, I am very sorry to learn that his appointment is to terminate on the 31st of this month, thou he has time till the 16th Aug. '26 as per the telegraph order from the President on 22-6-2 and the Special Works for which he was brou here are not complete and are likely to continue for some more years.

Under the above circumstances, I most humbly beg of you to consider his cas sympathetically and allow him to continue in his post till the remaining seven and a half months are over and see that his futu prospects are not blasted. In the meanwhil

he will try to get a job anywhere in British Empire and leave this Municipality I shall also be trying to get a place for him and take him out from this Municipality as early as possible.

I would not have troubled you with this request but for the extreme sorro I feel as a father for the sudden and shor period of notice. There is hardly any time to try and get a job.

I once again request you to kindly pardon me for venturing to lay before you these few lines for your favorable consideration

I beg to remain,
Respected Sir,
Yours most obediently
K. Vonnya
Retd. Ex-Engr
